Ladakh after Abrogation

The abrogation of Article 370 has triggered insecurity among the people of Ladakh regarding the outsiders being able to buy land and compete for jobs, and the preservation of Ladakhi culture. [page 63](#)

Data for Inequality Analysis

The NSS data should be used in combination with, or be replaced with, the World Inequality Database, which largely corrects the problem of under-/over-reporting using national income and tax data. [page 47](#)

Food Subsidies

The benefits of the current system of MSP, procurement, and PDS do not appear to accrue to farmers on the scale as is widely believed, as the major beneficiaries appear to be the consumers. [page 33](#)
